FRIDAY, MAY 19, 2006

Join industry professionals at this historic first MBO trade conference. Learn how to leverage your networking skills and take your business to a higher level.

This conference will enable MBOs (Minority Business Owners) to articulate key ingredients of successful networking, business infrastructure, sales and marketing as it relates to their particular business area. Key individuals, representing Washington's senior leadership, from both the public and private sector will sponsor, speak, and facilitate at this historic trade conference.

Who Should Attend

- MBO Presidents and CEOs • MBO Business Partnerships and Organizations
- MBO Key Staff and Decision-Makers • MBO Executives and Management Personnel

Workshops

- **Architecture/Engineering/Construction • Environmental/Clean Technology/Life Sciences**
- **Technology/Professional Services/Consulting**
- Each workshop will include discussions on the current business climate, ongoing impact of I-200, and potential opportunities relative to the regional economic strategy and prosperity partnership.
- Hear about successes, failures and lessons learned from minority businesses that have admirably moved from survival to stability.
- Discuss the challenges and needs facing ethnically diverse MBOs.
- Share ideas, partner to leverage our collective power to create a legacy of wealth and prosperity for our communities.

Look for details in a conference mailer coming your way soon.
